◎ This parts catalog contains parts used for all the machines having machine number following the numbers mentioned on the face.

◎ Prior to place order, verify that part numbers used correspond with those on the specification for the actual machine, because this catalog contains the part list according to the specification other than machines delivered.

◎ For engine parts, refer to the chapter "Engine".

◎ Since products are continually improved, changes could not be described on the part catalog. The revised revision described those changes will be issued, as required. For farther informations, please contact nearby our branch, or representative.

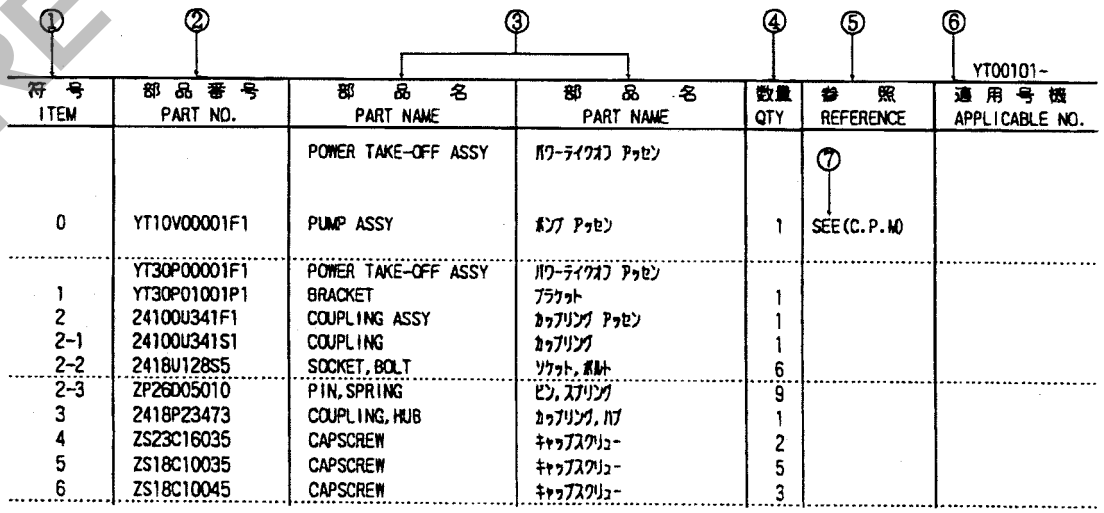

◎ For the machine, the boom side is called the Front, Counterweight side is "Rear", and the opposite side is 'Right', and for the track part the travel motor side is called the "Rear".

1. Placing order

Part order should be placed to dealers after completing the following items.

(1) Machine type [Example] YR000105
