① I t e m : Index number given to every part in the part descriptive list. Parts organizing A1 are described as A1-1, A1-2, A1-3, ·····. And parts organizing A1-1 are A1-1A, A1-1B, A1-1C, ·····.

② Part Number : Proper number given to parts. In case ★ mark is put in the part number space, the parts are not available to supply. Those parts should be placed order with the assembly.

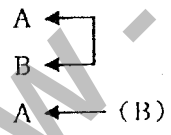

③ Part Name : Name of the parts.

④ Quantity required : " Number of parts necessary for One (1) unit" is shown. However, for component parts for assembly, it shows the "Number of parts for One (1) set" of assembly.

⑤ Remarks : Marks shown in the " Remark" space means the following.

Two (2) parts connected by the arrow are interchangeable each other.
In addition, where sign is put in ( ), the parts are interchangeable with the relevant parts in part list., both parts are available.

Two (2) parts connected by the arrow are interchangeable. Parts B can take the place of Parts A, but parts A are not available.

＊1
＊2

Notes which can not be put in the " Remarks" space, are described in the last space on the Parts List.

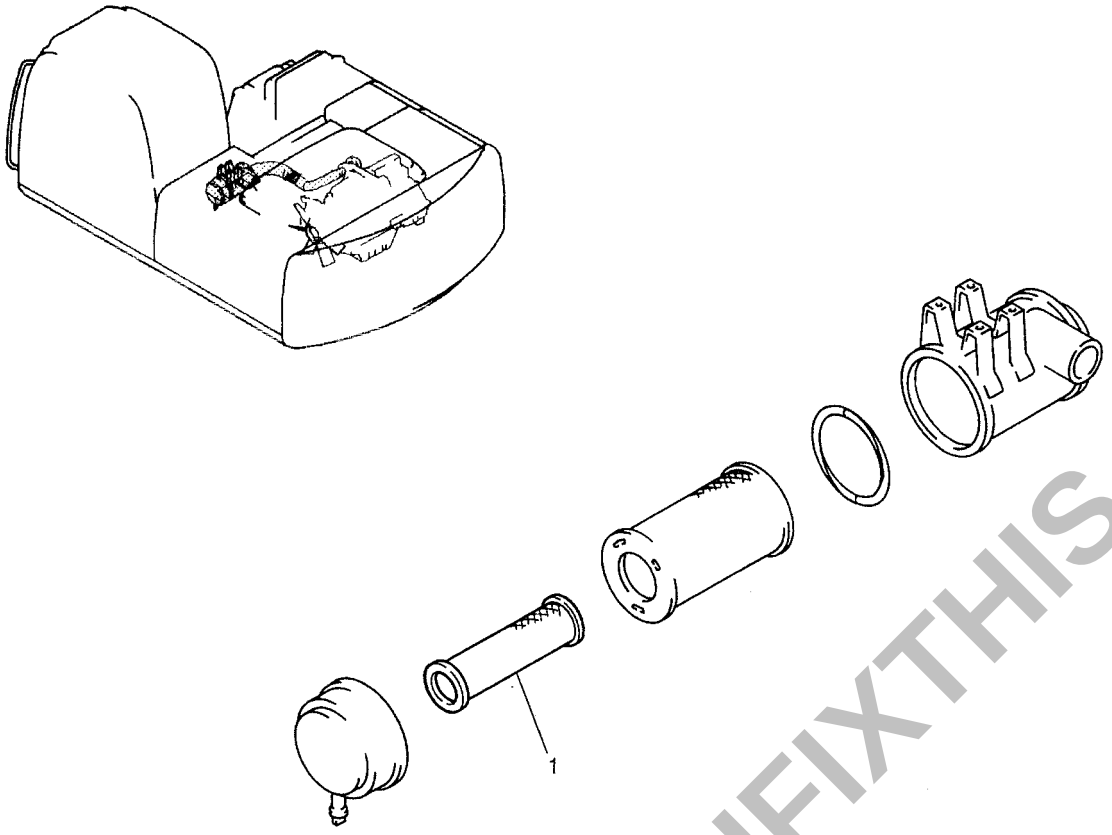

⑥ Applicable machine : The machine type installing the parts is indicated. Parts for which the machine type is not indicated are common for all the machine which is applied to this manual.
And, where the machine type can not be described in the " Applicable " space, put marks such as (A), (B), ···, and describe it at the last space on the Parts List.
(Note) When the interchangeable marks are put in the " Remarks " space for part number to be used to place an order, the interchangeable parts could be supplied automatically.

⑦ SEE(HC143) : Refer to the hydraulic components parts.
